Strategy of acquiring new skills 'ASTELLO' (Action Skill Tree)The Action Skill Tree is similar to 'Grail' in action RPGs, where the skills you can attain are determined by the skills you use. 'BREINEN' (Buff Skill Tree)The Buff Skill Tree is a skill-up-pertaining system which adjusts your combat strength using master nodes. 'SOBER' (Magic Skill Tree)The Magic Skill Tree allows you to use powerful magic based on the elements of earth, wind, fire, and water. 'MENDO' (Town Skill Tree)The Town Skill Tree is a system of directly exchanging items between towns. System of obtaining rewards for completing quests: Quest Effect Join in a selection of quests from an endless quest line. You can participate in quests of various difficulty settings in order to obtain various items. You can fight in battles with various other users from around the world using your EXP obtained from these quests. Quest Goals Some may become more powerful than you and be challenging. We designed the goal of "Don't fall for enemy attacks" as a way to increase your strength. In addition, we added a goal of "Protect and care for your friends," as a way to lessen the burden of the game for you by not having to worry about things you're not interested in. Strategy of Attaining and Evolving Skills Players can obtain skills by learning them using EXP gained through quests. There are skills that are limited in number depending on the difficulty of the quest, as well as for the skills that a character can learn. By using a level EXP multiplier and a skill EXP multiplier, you can obtain skills beyond the maximum limit. The skill EXP multiplier will decrease as the level grows. The EXP required for acquiring or leveling up skills is less for higher level characters, in order to make you feel as though it's easy to acquire the skills. Customization of Monsters When you fight against monsters, you can select the combat style you want to use, such as a battle with melee attacks or a battle with monster skills. You can also switch between monsters to ensure that you get the strategy you want. Monster Personality There are a variety of monsters based on the elements of the Lands Between. When you fight them, you can fully experience the emotion of each monster. Help Others and Fight for Your Friends Unlike other action RPGs, we have taken the time to
